Description

Our company has more than 25 years of experience in security industry. Our main profile is the manufacturing of mechanical safety products and devices. We manufacture nearly 700 kinds self - developed products by modern CNCcontrolled sheet technology, in our 5000 square meter production hall. Due to the continuous innovation we deal with the following automatic machines: dispensing package, electronic car recharger machine / E- tank/, ticket vending machine, payment machine. We do the design and manufacturing of products listed. Our products are tested by an independent rating agency. Even EUR 30 million value can be stored safely in our qualified strong boxes.
