Description

Agro Boy Kft. is a family business which was established at the end of 1994.

Our office building was built in Bóly, this is the seat and the centre of Agro Boy Kft.

The company is dealing with agrarian export trade decisively. We sell yearly about 50-60.000 tons of wheat, mostly corn, and barley. Currently our main partners can be found in Slovenia and Croatia.

Agro Boy Kft. has purchased an old mill building in 2002 with its 4200 m² storage hall next to Nagykanizsa, at Sormás. Since 2002 this site is a determinate logistic centre of Agro Boy Kft. In 2007 the site was extended with an 1800 m² hall.

Since 2004 the company has joined to the national transport of goods. Presently we own 8 complete vehicles and we also have 10 subcontractor vehicles. All these trucks fit to every environmental normative. Agro Boy Kft. has a combined forwarder's and carrier's CMR insurance with a limit of 350.000 EUR. We are delivering around the countries in Europe, but our main destinations are Austria, Germany and Italy. Our primal goal is to establish a logistics center at Bóly.

We have configured out personal criteria's of our own equipments and the provisions of additional logistic functions.
