Bilateral Meetings

- 14:00p.m. - 17:00p.m

Description

ROBATECH is dedicated for adhesive application systems worldwide with the surrounding OEM/machine building/planning/service activities. ROBATECH Hungary is representing the high-tech industrial gluing technology leader ROBATECH AG Switzerland (TM). With its attendance on this event, ROBATECH Hungary would like to extend and strengthen prospects both of its machine building/designing and its expertise in industrial gluing technologies. Well-trained engineers support you both locally, and internationally when choosing the most suitable appliances and carrying out design, construct, commissioning, maintenance and service jobs reliably and professionally. Over 25 years of experience have led to a wide product range of sophisticated equipment for hotmelt and cold glue applications and machine building inherited from 35 years ROBATECH global glueing experience.

Organization Type

Company

Organization Size

1-10

Founding Year

Areas of Activities

Machine industry (engineering, metal processing etc.)

Supplier Industry (plastic, automotive, electronics)

Agrofood Industry

Research and Development, Project Partnership

Offer & Request

custom machinery services

Custom machine design and fabrication: we offer reliable and professional services in designing, constructing and commissioning individual machines, assembly lines and test lines (for optical and physical quality inspection). We are offering our services in occasional and long-term maintenance, and (physical/remote) troubleshooting as well

Cooperation Offered

1. Sales / Distribution
2. Manufacturing agreement
3. Technical co-operation

Cooperation Requested

1. Outsourcing co-operation
2. Technical co-operation
3. Manufacturing agreement

Offer & Request

applications, services on different fields of gluing technologies

we offer various applications and services on different fields of gluing technologies for various industries

- packaging;
- converting;
- pharmacy, disposables;
- labelling;
- automotive (interior, filters, textiles etc.);
- printing, book binding;
- woodworking, building material;
- glue quality control

Cooperation Offered

1. Sales / Distribution

2. Manufacturing agreement
3. Technical co-operation
4. Outsourcing co-operation

Cooperation Requested

1. Outsourcing co-operation
2. Technical co-operation
3. Sales / Distribution
